

Parental Questionnaire Findings

Overall feedback from parents has been excellent with 94% of respondents either are happy or very happy with school performance across all areas

- 97% of parents say that they would happily recommend the school to others
- Whilst all areas scored well those areas that in particular scored the highest included the happiness and safety of the children
- Comments included “Lovely school and great rounded education”, and “really pleased with the school and the teachers”.
- A possible area of focus or development included possibly some more structure regarding homework

NB: A total of 32 families responded and each respondent = 3%
